Event Start Date:	30/05/2023
Event End Date:	30/05/2023
Number of participants	44 Students
Description	<p>SRKIT NSS unit conducted awareness Program on usage of LED Bulbs on 30/05/23. Mr. S. Nageswara Rao, HoD- EEE of SRKIT created awareness to the participants with the equipment in the laboratory. He said that, LED lights are up to 80% more efficient than traditional lighting such as fluorescent and incandescent lights. 95% of the energy in LEDs is converted into light and only 5% is wasted as heat. This is compared to fluorescent lights which convert 95% of energy to heat and only 5% into light! LED lights also draw much less power than traditional lighting; a typical 84-watt fluorescent can be replaced by a 36 watt LED to give the same level of light. Less energy use reduces the demand from power plants and decreases greenhouse gas emissions.</p>

Event End Date:	12/04/23
Number of participants	72 Students
Description	SRKIT- NSS Unit organized CPR Awareness Program in association with Indian Red Cross Society – NTR District on 12/04/2023. Mr. Sivayya Garu from Indian Red Cross Society gave an awareness to the students Major cardiac arrests occur in places other than the hospitals, especially at homes/public places like railway stations, bus stands/gyms/swimming pools etc. It take a minimum of 8-10 minutes for the emergency response team (ambulance with equipped AED and a trained personnel in conventional CPR) to arrive at the scene of sudden cardiac arrest and collapse. And for every minute of delay in CPR, there is a 10% loss of function in brain and thus the victims chance of survival also decreases. If the community is trained in hands-only CPR these deaths are preventable. Hence everyone needs to have knowledge and skills on saving a person suffering from cardiac arrest. The participants are well aware about the CPR Process at the end of the program.

Description	<p>SRKIT NSS unit organized Free Eye Check Camp in association with Winvision Eye Hospitals, Vijayawada on 16/12/2022. In this camp the students of various branches were checked their eye sight with the help of latest equipment of the affiliation. The eye tests were conducted in three stages and the students who were found to have weak eyesight were prescribed perfectly fitting spectacles with lenses as per their required powers. Moreover, each student was counseled regarding their eyesight and they were also advised about the importance of wearing spectacles on a regular basis to protect their precious eyes. The event was a fruitful one as many students benefited from the eye check-up and the timely intervention of the college helped them to focus on their studies in a better manner. The event not only helped to prevent the further deterioration of the eyesight of the students but also provided a sense of relief to the parents.</p>
